

QUALITY POLICY

The management of Eurovalve (UK) Ltd is dedicated to providing its customers with products and services which conform in all respects to their expectations.

The company operates a Quality Management System which meets the requirements of ISO 9001:2015.

The management team will show leadership and commitment and be responsible for establishing, implementing and maintaining the Quality Management System.

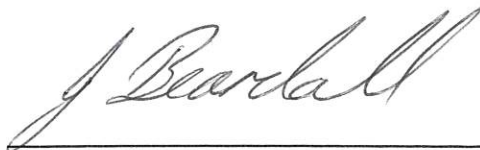

Through direction and support, each employee will have a proper understanding of the importance of the Quality Management System, and their individual responsibility, to ensure it achieves its intended results.

Our aim is to promote efficiency and a strong customer focus in order to achieve long-term sustainability and profitability within the company.

The Quality Objectives are:

- **Ensure customers receive an excellent product and service**
- **Constantly monitor supplier competence and product quality**
- **Develop and improve the product range**
- **Expand the customer base, increase turnover and profit**

Eurovalve (UK) Ltd has a policy of promoting continual improvement. The Quality Management System will be monitored, measured, evaluated and enhanced regularly by senior management.

A handwritten signature in black ink, appearing to read "J Beardall", is written over a solid horizontal line.
